

HEART OF TEXAS REALTY GROUP

A CAREER IN REAL ESTATE

Becoming a licensed Real Estate Agent can offer an exciting and fulfilling career. From making **relationships and helping clients** achieve their goals, to having a **flexible** schedule and the possibility of **uncapped earning potential**- there are **endless benefits** to working in the industry. With less of a time and financial commitment than a typical degree, getting your license could be something to consider If you meet the following criteria from TREC:

- **Citizen of the United States or lawfully admitted alien**
- **18 years of age or older**
- **Meet TREC's qualifications for honesty, trustworthiness, and integrity**

While the benefits to the career offer several advantages, anyone considering the career path should have an understanding of what else there is to consider. New agents should be prepared for the lack of benefits, irregular hours, and inconsistent income schedule. However, choosing the **right mentor who may help prepare you not only for the functional parts of a transaction, but also provide guidance on transitioning into the career and integrating the role of an Agent into your life and routine.** If you're ready to take the leap, start with the first step:

1. **File your application with TREC**
2. **Complete your fingerprints and background check**
3. **Complete required education (6 courses/180 credit hours)**
4. **Pass Exam**
5. **Choose a Broker to sponsor you**

BROKERAGES AND TEAMS

Brokerages may vary in size, reach, mentorship, resources, commission splits, network, services, and more. When selecting your broker, it is highly recommended to research and ask questions about what resources and value they provide to their agents. **Especially early in your career, the support and growth that you have (or lack) from your broker can have a direct impact on the success you find with a career as an Agent.** Heart of Texas Realty Group is brokered by **Texas Real Estate Executives- Longview** where agents will experience unparalleled brokerage support including the following:

- No monthly E&O fees
- No desk fees
- No mandatory phone/office duty
- Bi-Weekly Lunch & Learns
- On-Site Full Time Broker
- On-Site Full Time Office Manager
- Brokerage Support Staff
- Networking events
- Members of 6 MLS Systems

Inside a brokerage, you may find teams. Membership to a team can serve in agent in many ways including having **additional hands on support in a team lead for questions and advice as you are establishing your career.** While joining a team is not required for agents, **working under a team lead can offer many additional advantages for the agent.** Heart of Texas Realty Group is a Real Estate Team that:

- Prioritize agent growth and development

"My name is Abby Adkisson, I am an East Texas Native who, like many in this field, made the very scary decision to leave my job in 2022 and pursue Real Estate. Through much trial and error, I found myself in a groove growing quickly in my new career and started to establish a reputation as a competent, hard-working Realtor. My business and sales backgrounds allowed me to create effective systems for myself to generate and turnover leads. My 1st year, I earned Million Dollar producer with TRE, and have continued the trajectory of growing my production of a minimum of \$1m each year.

Having gone through the pre-licensing courses and taken the exams not all too long ago, I am able to relate to the experience of being a newer agent, and can predict the needs and growth opportunities that come with being in that position."

Going Beyond the Transaction

Agents on the HOTRG team should strive to continue the growth of the team's reputation to "Go Beyond the Transaction." What that means is- making our client's needs our top priority. Focusing on the transaction, while also prioritizing a positive experience to our clients overall. That may include offering resources to make moving more convenient, connecting clients with our industry contacts for services outside of agent's scope, and continuing connections after the closing table. HOTRG agents are a resource for our clients for life- not just the duration of the transaction.
